

Pine Forest Letterbox

Take Wachusett Street from Pleasant St.

In 2/3 of a mile you will come to a paved parking area for a few cars on your right.

Park and walk past the green gate onto the trail for about 50 paces. Straight ahead is a large stand of planted pine trees but you must take the path entering sharply from the right. Follow this trail which passes briefly through a band of mixed forest and two stone walls. Enter another stand of planted pine trees following the path which runs more or less parallel to the street. Continue on through the pine forest and into mixed hardwood and pine forest. As the trail starts downhill you will reach another stone wall. Stand at the opening and walk 7 paces passing around a dead tree trunk immediately on your right and to the stone wall. You will find the Pine Forest Letterbox at the base of the wall hidden by some sticks. No need to move any stones in the wall. Stamp in and re-hide well with sticks.
